

Meetings & Events Testimonials

The staff were all very good and ensured that my stay was a pleasant one. The facilities were great and my room was lovely. If I return to Whistler, I will look into staying at the Pan Pacific Whistler Village Centre again.

Everyone did everything they could to ensure that our meetings went smoothly, and were flexible with any last minute changes that we had to make.

HEATHER KNORR, ASSISTANT TO IVAN KUSAL - TELUS

We had a terrific time this past weekend at our rowing camp. The hotel was perfect - a welcome place to return to after a cold, damp morning on the water.

SHELLEY FLETCHER - ROWING BC

Thanks again for your help in organizing everything. Michael was great by the way!

NANCY CROSBY, SENIOR ASSISTANT TO THE REGISTRAR
- COLLEGE OF DENTAL SURGEONS

All of the agents and representatives I worked with on the event were pleasant and accommodating.

Krista was very helpful with the large event held at the hotel. She was readily available, very knowledgeable, and quick to accommodate our many requests, going above and beyond at every turn.

KAYLENE HUSMAN, EXECUTIVE ASSISTANT

The rooms were top notch. Our conference room was the perfect size and the crew had set everything up perfectly for us...

BRAD KUBOTA, REGIONAL DIRECTOR OF SALES, GLOBAL BC

Thanks again for the wonderful time there. I asked the group members to pick their favorite hotel (out of 8 wonderful hotels in two weeks) and more picked your hotel as their favorite than any other location in Canada! Your claim to fame now can be "people like us better than Fairmont Chateau Lake Louise!" Seriously, the rooms were wonderful, the location fantastic, and the attitude of each person at your hotel was really outstanding and made the visit great in every way.

AMY GLENN, ADMINISTRATIVE ASSISTANT TO ACADEMIC VICE PRESIDENT AND DEANS CHIEF COMMUNICATION OFFICER - PENSACOLA CHRISTIAN COLLEGE

My sincere apologies for not being able to get this email out sooner - thank you very much, we had a fabulous off site.

The rooms were top notch. Our conference room was the perfect size and the crew had set everything up perfectly for us.

Every team member had a great time and all commented on the accommodations. It was a great way for us to reconnect with each other, as well as Whistler!

Thank you so much for the hospitality.

BRAD KUBOTA, REGIONAL SALES DIRECTOR - GLOBAL BC

Thank you for helping to make our meetings a success. We really enjoyed our stay. We only wished there was more time to do some R&R.

ROBYN HOFMARKS, PAYROLL TEAM LEADER

Thanks for the update and thanks to you and your staff for making this a great event!

MAURO DELLA ROVERE, DEALER RELATIONS MANAGER
- DAIMLER TRUCK FINANCIAL

It was very considerate of my reservation agent to get me into my room before expected as I was setting up the doctor's retreat and had an extra amount of materials I brought with me to organize! Many thanks!

I really enjoyed interacting with the staff at the front desk, they were personally engaging and interested which is more than you usually receive at hotel check in and kept up their interest with me all weekend...Many thanks for all their help and I enjoyed them tremendously with all their suggestions and tips for our weekend!

Andrea C. and Gurpreet at the front desk went over and above perfunctory performance and really were a pleasure to deal with and I felt there were personally interested that I and my group had a wonderful time, were caring about our needs and considerate in regards to getting our rooms assigned to us as soon as they became available and checked even before that! Krista Hall was so helpful to me as although she made all these arrangements with my admin during the course of all the details, I was actually the one to attend the retreat and was the point person for the weekend and although she had an injury - went thru all the details with me and answered all my questions as the "new" person on the scene....The real star of the whole weekend was Michael who was our banquet person who looked after our room directly and all our meals there, all our issues as they arose and personally attending to any individual concerns as well...It was a real pleasure to deal with Michael...Our grateful and appreciative thanks to him for taking such good care of us!
