Mooncake
Collection

The Timeless
Fragrance
of Memory

Inspired by the refined beauty of osmanthus blossoms, autumn moonlight and the passage of time, this year's collection retells a traditional story through a more modern and elegant expression. Every detail is thoughtfully curated to evoke familiar moonlit seasons, where flavours, memories and the art of gifting continue to be cherished year after year.

The box design is distinguished by a deep muted green palette, paired with graceful ivory tones and delicate antique gold accents. Osmanthus motifs, moonlight-inspired details and soft flowing lines create a harmonious blend of understated Eastern elegance and contemporary gifting sensibility.

Minimal yet elegant in spirit, "Hương Mộc Lưu Niên" is a gift that conveys wishes of connection, fulfilment and lasting harmony. More than a mooncake box, the collection is a refined gesture of appreciation for loved ones, partners and treasured relationships.
